Rattan is a naturally growing vine like species that is native to tropical regions of Australia, Asia, and Africa.

For production use, the skin is peeled away and utilized for weaving purposes. Cane or Wicker can be woven or used for structure of the furniture.

SOLID WOOD

Our cast aluminum components are powder coated with a protective weather-resistant finish available in a variety of colors. Aluminum is one of the most durable and longest-lasting materials for outdoor furniture. Its thick, solid construction can withstand harsh weather elements like intense sun, rain, humidity, and temperature extremes without rusting, warping, or fading over many years.
